

### MODEL 1501-11WH-3CCT | 1502-14WH-3CCT

### WARNING

**WARNING — THE INSTALLATION MUST BE CARRIED OUT BY A QUALIFIED ELECTRICIAN.**

1. LED Flush Mounts are suitable for using in damp locations
2. Please keep the LED Flush Mounts away from any corrosive substance, and please use dry cloth when you clean it
3. LED Flush Mounts can only be installed by a qualified electrician
4. Before installation or maintenance, please disconnect the power to prevent electric shock

### Application Notice

1. RISK OF SHOCK — House electric current can cause painful shock or serious injury unless handled properly. For your safety, always remember to:
  - A) Turn OFF the power supply at the fuse or circuit breaker box before you install the fixture
  - B) Ground the fixture to avoid potential electric shocks and to ensure reliable starting
  - C) Double-check all connections to be sure that they are tight and correct
  - D) Wear rubber soled shoes and work on a sturdy wooden ladder
2. This fixture is designed for use in a circuit protected by a fuse or circuit breaker. It is also designed to be installed in accordance with local electrical codes. If you are unsure about your wiring, consult a qualified electrician or local electrical inspector, and check your local electrical code
3. RISK OF CUTS — some metal parts in the fixture may have sharp edges. To prevent cuts and scrapes, wear gloves when handling the parts
4. Account for small parts and destroy packing material, as these may be hazardous to children
5. Please obey fire prevention regulations and DO NOT cover the fixture with any heat insulated materials
6. DO NOT change the LED light source or driver inside under any circumstance

### CAUTION

**PLEASE READ INSTRUCTION BEFORE COMMENCING INSTALLATION AND RETAIN FOR FUTURE REFERENCES.**

**Electrical products can cause death or injury, or damage to property.**

**If in any doubt about the installation or use of this product, consult a competent electrician.**

### INSTALLATION GUIDE

#### Surface Mount Installation

1. Cut off the power, connect the wire

2. Fix the light on the J-box

3. Rotate and secure the cover

4. Installation is all done!
