LED Slim Lights

CRTECH Product Specification Sheet

MODEL SLIM4ID-WH

HIGHLIGHTS

- 4" LED Slim Indirect Light with edge-lit technology, no glare or dark spots; its LED technology fits anywhere you need general light source
- Ultra slim feature fits perfectly (even with ductwork and joist) in retrofit, remodel and new constructions, airtight, wet and IC type rated
- No can or housing needed, installs right into ceiling with tension spring clips; class 2 transformer in junction box included
- \cdot IC Rated for direct contact with insulation and is compatible with industry standard TRIAC / ELV dimmers
- Depth is 3", and for the best possible Layout Depth Flexibility, it should be installed right under joists
- · Perfect solution where joists or ductwork would normally prevent recessed installation
- Integrated LED fixtures with glare controlling lens for comfortable light distribution
- Install J-Box in ceiling beam, and insert light right into drywall opening

MOUNTING

· Cut hole in ceiling and snap fixture in Opening with attached spring clips

Ceiling clearance required: 3-1/2"
