ORTECH

Instruction Manual

WARNING

WARNING — THE INSTALLATION MUST BE CARRIED OUT BY A QUALIFIED ELECTRICIAN.

1. LED Strip Lights are not suitable for using in wet locations
2. Please keep the LED Strip Light away from any corrosive substance, and please use dry cloth when you clean it
3. LED Strip Light can only be installed by a qualified electrician
4. Before installation or maintenance, please disconnect the power to prevent electric shock

CAUTION

PLEASE READ INSTRUCTION BEFORE COMMENCING INSTALLATION AND RETAIN FOR FUTURE REFERENCES.

Electrical products can cause death or injury, or damage to property. If in any doubt about the installation or use of this product, consult a competent electrician.

INSTALLATION GUIDE

Requires 12V DC LED Power Supply.

When installing LED Strip Lighting, please make sure the positive (+) and negative (-) match from the power supply onto the LED Strip.

*Recommended length with no voltage drop 5M.

*If powering both sides, recommended length with no voltage drop is 10M.

SOLDERLESS CONNECTORS

SL-CONN

Good for power to cut pieces

SL-CONN (TWO)

Good for corners

You can cut the LED Strip every 3 LEDs at the cut line.

When cutting the strip you can attach a solderless connector by opening the connector, sliding LED Strip in (follow + and -) and snapping the connector down.
