4. Adjusting the length of safety rope after locked.

5. Lift up the light, fasten the hooks to the lamp.

6. Finished safety rope installation as shown.

INSTALLATION GUIDE

Parts List (sold separately)

Continuous Row Mounting-4FT	
	Parts: (1) Connection Bracket (1) Harness set (5) Wire Nuts (2) Anchors (10) Screws (2) Self-adhesive Cable Ties (2) Safety Rope
Continuous Row Mounting-8FT	
	Parts: (1) Connection Bracket (1) Harness set (5) Wire Nuts (4) Anchors (12) Screws (4) Self-adhesive Cable Ties (4) Safety Rope

Surface Mounting Continuous Row Mounting (daisy connection)

1. Turn off the power.
2. Screwed off the knockout hole at the end of lamp body.
3. Drill holes at a suitable position on the wall and drive the anchor into the wall.
4. Use a screwdriver to tighten the screws to fix the lamp body on the wall.
5. Fix the connection bracket on the wall.
6. Insert the strip light into the connection bracket, then drill holes at a suitable position in the wall for installing the next strip light.

INSTALLATION GUIDE

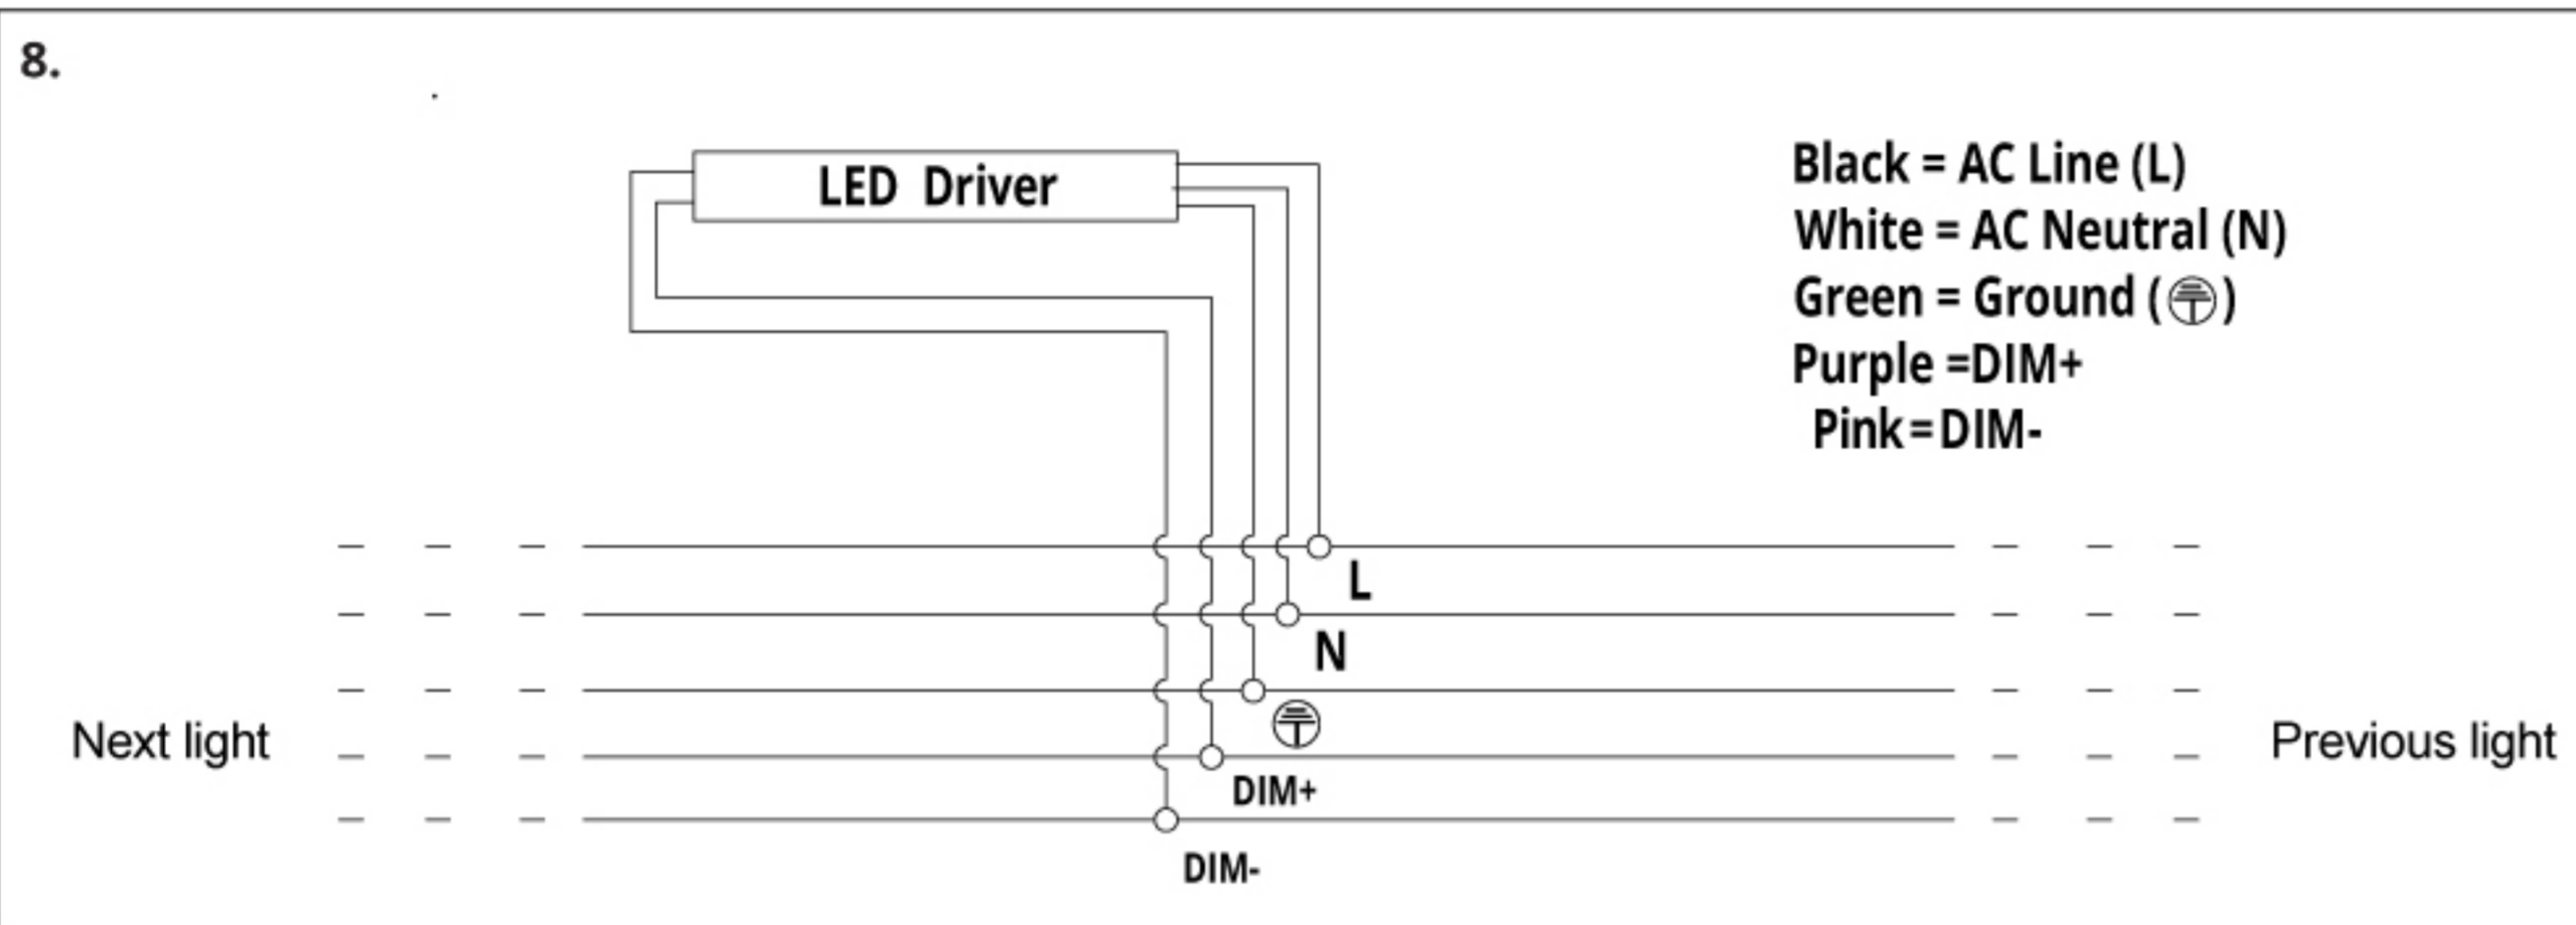

Surface Mounting Continuous Row Mounting (daisy connection)

7. Fix the lamp body on the wall by screws, complete the installation, repeat the previous procedure to install the 3rd strip light, 4th strip light, etc.

6. Press upward the cover and lock it.

7. The installation is completed and energize the luminaire to verify operation.

8. Wiring Diagram.

9. Take the black/white/green wire harness and connect to the existing wire connectors on the input wires of the driver respectively. When using the dimming function, take the purple and pink wire harness and make connection to driver. Please make wiring connection using the wiring diagram in Step 8.

10. The same type of electronic wires are inserted into the same wire nut and combined into a parallel circuit.

11. Tighten the wires in the wire nut as the photo shows below.

12. Once wiring is completed, take wire harness and run it through the knockouts of the connecting fixture. Use self-adhesive cable ties to eliminate any cable tangles and clutter.

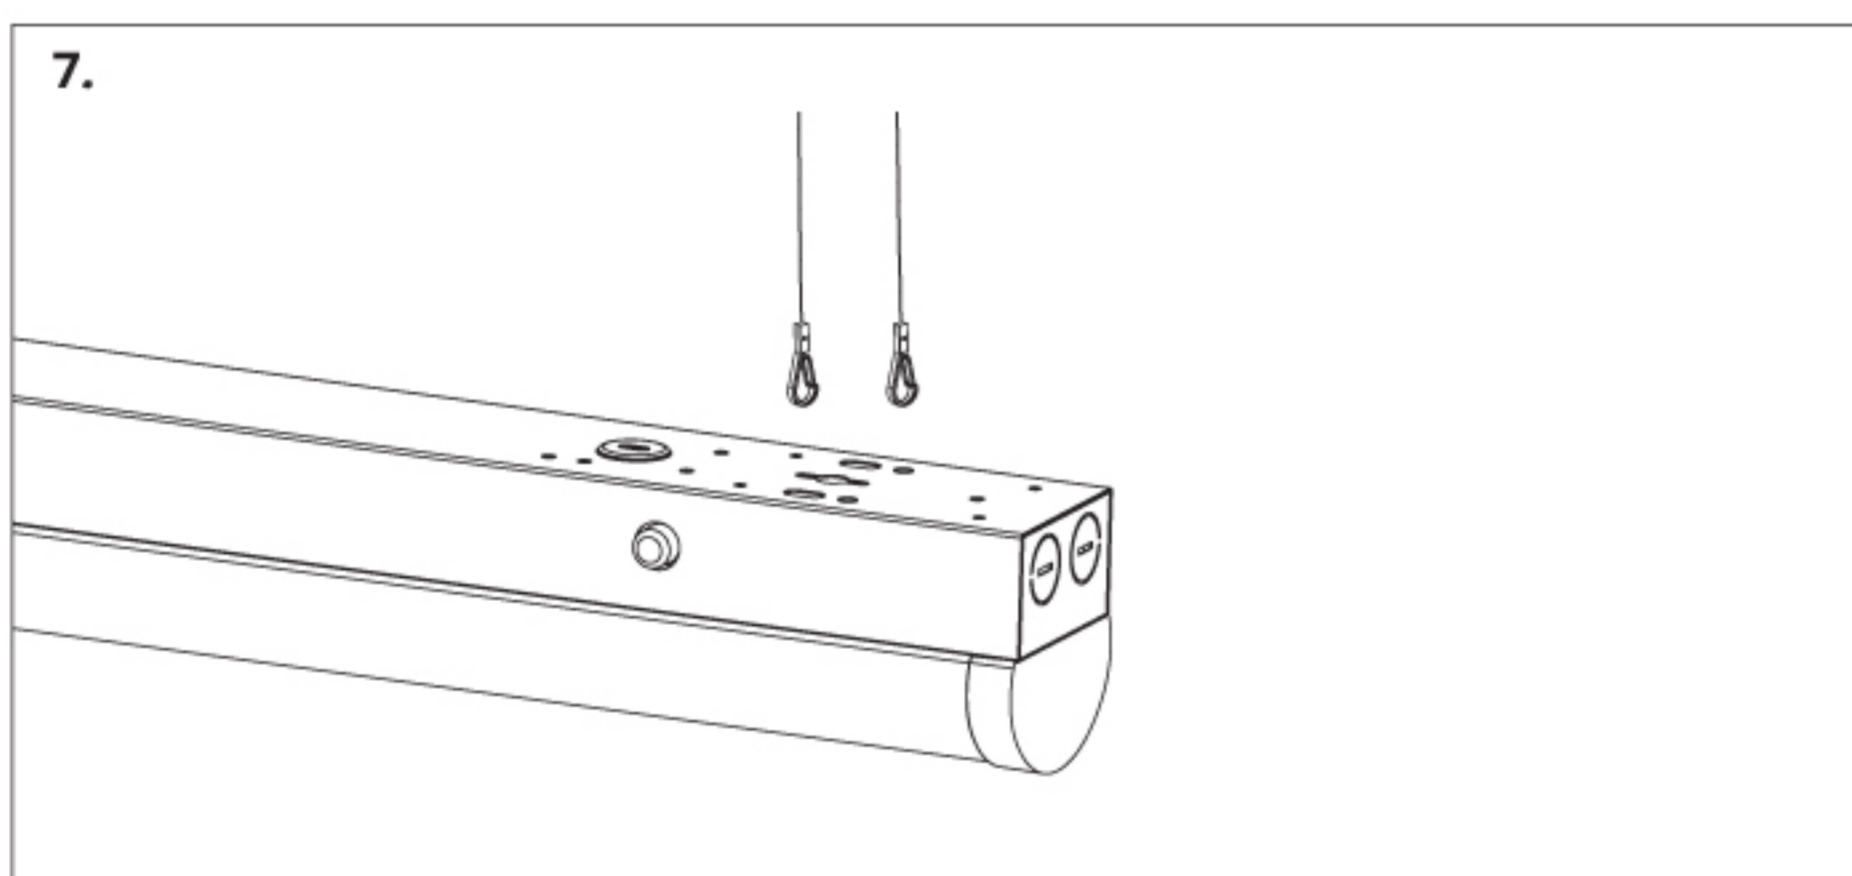

13. Secure the LED cover to the housing by pressing upward and lock it into the fixture. Energize the luminaire to verify operation.

INSTALLATION GUIDE

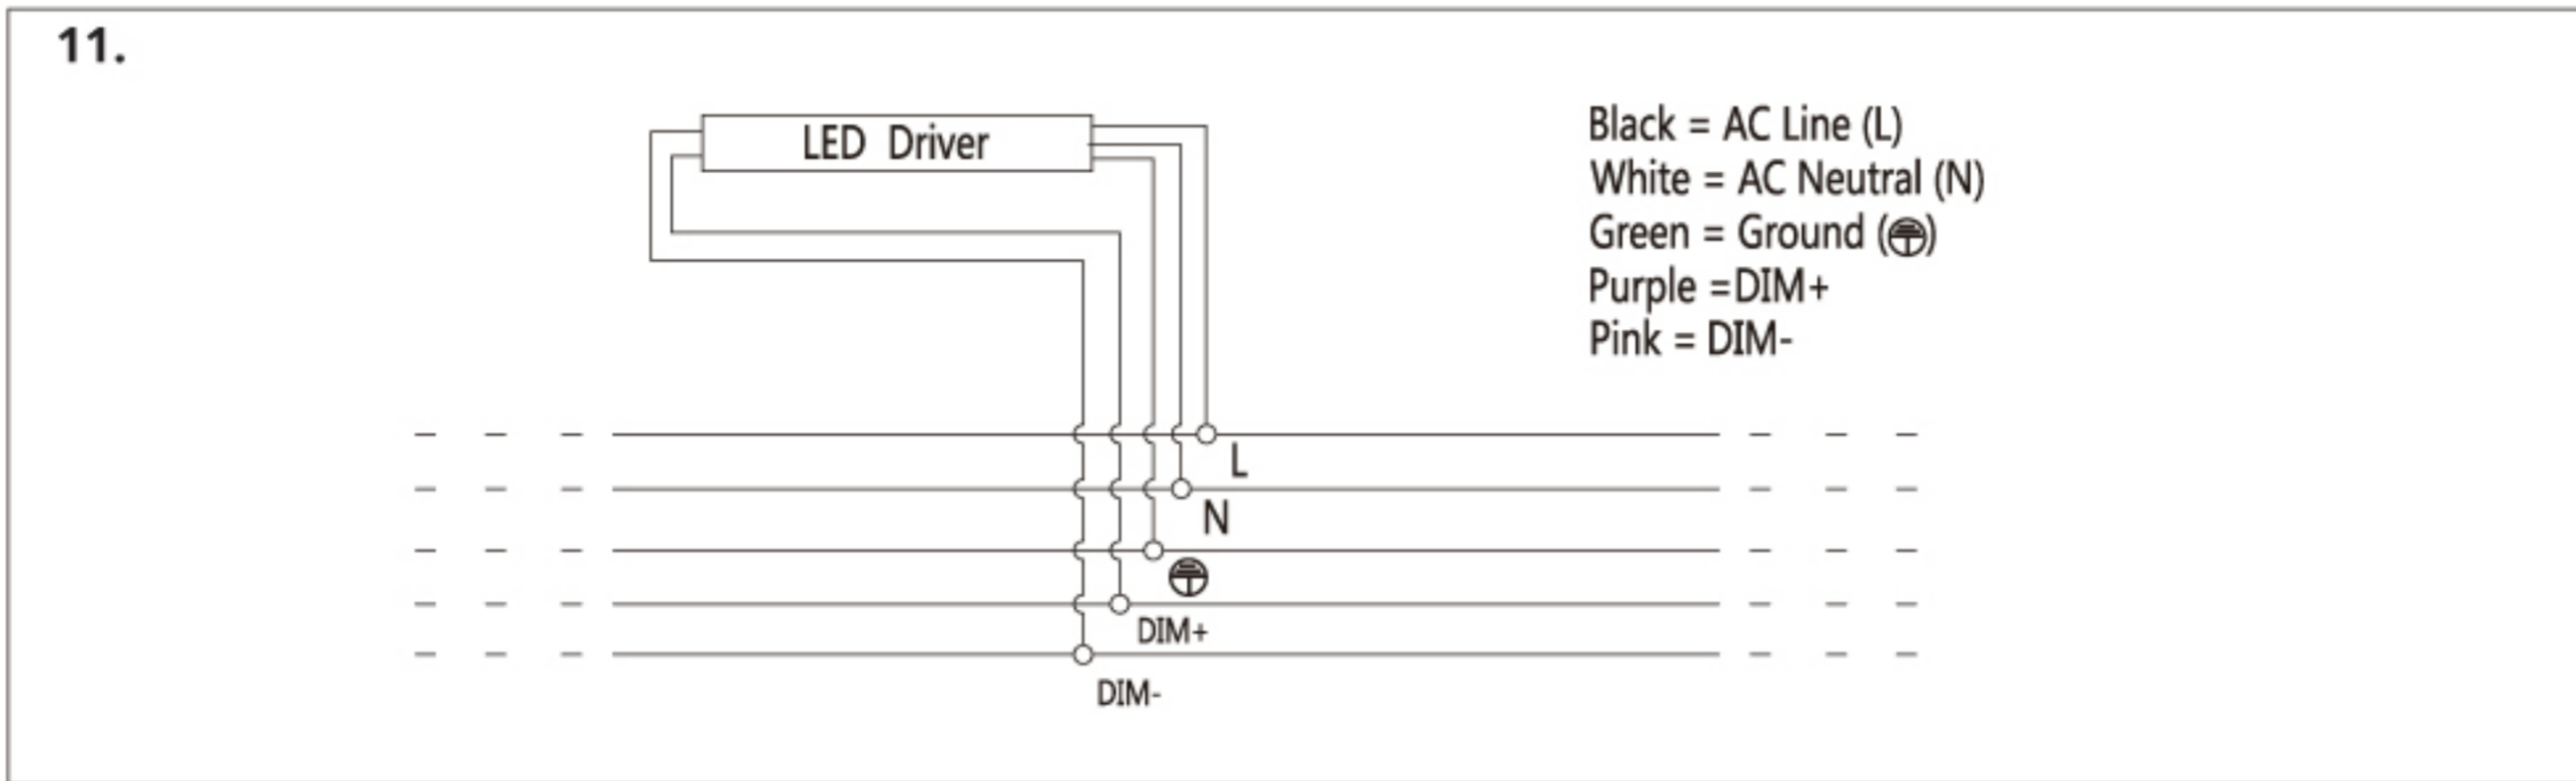

Suspending Continuous Row Mounting (daisy connection)

1. Turn off the power.
2. Screwed off the knockout hole at the end of lamp body.
3. Fix the connection bracket at the end of one lamp with screw.
4. As shown, the drawing of connecting finished.
5. Drill holes on the wall as well as lock the accessories orderly (as shown).
6. Adjusting the length of safety rope after locked.
7. Lift up the light, fasten the hooks to the lamp.
8. Finished safety rope installation as shown.
9. Install all lamps which need suspending as step above.
10. Press the button on both sides of light and remove LED cover.

INSTALLATION GUIDE

Suspending Continuous Row Mounting (daisy connection)

11. Wiring diagram.

12. Take the black/white/green wire harness and connect to the existing wire connectors on the input wires of the driver respectively. When using the dimming function, take the purple and pink wire harness and make connection to driver. Please make wiring connection using the wiring diagram in Step 11.

13. Insert the electronic wire into the wire nut.

14. The same type of electronic wires are inserted into the same wire nut and combined into a parallel circuit.

15. Once wiring is completed, take wire harness and run it through the knockouts of the connecting fixture. Use self-adhesive cable ties to eliminate any cable tangles and clutter.

16. Secure the LED Cover to the housing by pressing upward and lock it into the fixture. Energize the luminaire to verify operation.
